

Threatened Revision Of Hours Of Work

Board Of Industrial Relations Is Considering Upward Revision Of Wage Scales And Limitation Of Hours Of Work—Only Sixty Hours Per Week Would Be Allowed—Canners Leave For Coast To Protest Move To Board At Victoria—Claim Labour Cannot Earn Sufficient In Short Season To Provide For Winter Months

Grave apprehension is being felt by the Valley tomato canning industry this week upon receipt of word from the Board of Industrial Relations that it is considering drastic revisions in the minimum wage orders for male and female workers in the fruit and vegetable industry.

Mr. L. J. Kelly, of Roscliffe Canning Co., Kelowna, is leaving this afternoon for Vancouver to meet the B.C. Canned Foods Association, while Mr. Ralph Bulman, of Bulman's Ltd., Vernon, and Mr. Hickford, of the Kamloops Cannery, are also proceeding to the Coast. A delegation will wait on Mr. Adam Bell and his Board following the Vancouver consultation.

Hardship On Labour

Mr. Kelly does not mince matters that, if the proposed revisions are put into effect, they will not only make it exceedingly difficult for the canneries to operate in the rush tomato season, but will work a hardship on labour, as in a short season the employees will not be able to earn enough money to tide them over the winter months.

If the revisions are put in force, the ten per cent reduction in the basic minimum wage of female employees, in effect since 1932, will be restored, making the minimum at 30 cents per hour. The male minimum will be at 35 cents per hour. Both rates are on a ten-hour day, and time and a half will have to be paid from 10 to 12 hours and double time for over 12 hours.

But the employee cannot work longer than 60 hours in any one week. All concessions granted the tomato industry, which included non-limiting of hours of work on the basic scale, will be dropped as well, it is proposed.

Another feature of the suggested female wage scales, is that 95 per cent of the employees are to be paid at the prescribed legal minimum and the balance may be paid not less than 25 cents per hour up to 10 hours a day, and then on same basis for periods over that time.

Eliminate Division

This will eliminate the division of employees into "experienced" and "inexperienced" workers, which has been in effect in the fruit and vegetable industry for years.

Only on a written petition signed by seventy-five per cent of the female employees, may less than an hour free from duty be given after five hours consecutive employment. And in any case the free period cannot be less than half an hour.

The Board is basing its suggestion on a "statistical survey of the industry throughout Canada, and on the basis of this survey has come to the conclusion that from this point of view there is no reason why the industry in this province could not support the proposed wage schedule."

Although these considered revisions were dated as late as June 21, interests are only being given to June 30 to forward complaints or ask for consideration.

SMART STYLES DISPLAYED BY BEAUTIFUL MODELS FEATURE COLOURFUL FASHION SHOW

Clothing For Well Dressed Girls And Ladies Artistically Shown

A very lovely Fashion Show was held on Wednesday evening, June 16th, in the Aquatic Pavilion, when the Ladies' Auxiliary to the Aquatic Association was in charge of the affair.

Beautiful rose and white peonies formed a colourful background for the graceful models, who entered the pavilion, at the north end and mounted a small stage, where they paused and a coloured spotlight was played on them. While Mrs. Bert Johnston, the commentator, pointed out, over the public address system, the highlights of each ensemble. They then proceeded to circle slowly among the appreciative spectators.

Mrs. Lloyd Day, the President, welcomed the guests in a few well chosen words.

The first model to appear was Mrs. J. Purvis, in a navy, red and white bathing suit, featuring a matching tie on skirt, which can also be utilized as a cape, shown by the English Woolen Shop. She was followed by Miss Kay Hill in a turquoise blue, one-piece, rubber swim suit, with a smartly flared skirt.

Three charming little girls, the Misses Helen dePuyffer, Betty Duggan and Vivienne Vanidour, in yellow trunks with white strap ties, another in a red and white suit with halter neck, and the third in a scarlet suit, with the top formed by a cat's face in white, all from Freida Dilworth, Ltd., drew hearty applause.

Miss Audrey Dilworth next modelled a smart bathing suit with exotic blue trunks and a heavy, white, jersey

VEGETABLE DEAL ON VOLUNTARY PLAN IS NOW ASSURED

Agreement Is Agreed Upon By Meeting Of Shippers On Tuesday

VERNON, June 21.—General agreement among Okanagan shippers to line up in a voluntary plan for stabilization of the vegetable deal has been achieved. At a conference held in the Associated Growers' offices in this city on Tuesday, at which close to twenty shippers were present, the preliminary draft of the proposed agreement was given close scrutiny, and apart from some minor alterations which were suggested, it was assented to.

The changes to be made are not substantial ones. The executive committee has been increased from five members, as originally suggested, to seven, and some alterations in financing will be made.

When these amendments are included in the form of agreement, the shippers' signatures will be promptly secured, reports Col. E. Poole, who is acting as Secretary-Manager under the new plan.

Promising Outlook

"The whole outlook is very promising, and though the agreement has no legal teeth, and is dependent on good-will for its successful functioning, the evidence of co-operation already shown by the shippers is a very good augury," Col. Poole says.

The routine machinery of the Interior Vegetable Marketing Agency will continue to operate under the new plan.

The members of the shippers' committee in general charge of operations are to be David McNair, Dolph Browne, E. Montague, of Vernon; A. C. Lander and Paul Hayes, Kelowna; and C. McGillivray, of Kamloops. It is also expected that a representative of the Southern Okanagan Co-operative Vegetable Growers' Association will be included. N. Nye, Manager for this southern organization, attended the conference here on Tuesday, and was to report back to his association on the discussions.

In general routine operating, an executive comprised of Messrs. McNair, Montague and Browne will supervise the working of the new plan, it was agreed.

START OVER HOPE-PRINCETON
PENTICTON, June 21.—Seventeen Pentiction business men started out this afternoon, Thursday, to demonstrate that the route of the Hope-Princeton link in the southern trans-provincial highway is so easy that it can be walked over with little effort, in less time than it takes an automobile to go around by the shortest of the present routes from Pentiction to the Coast.

sey bandana with two sailor men worked on the front. This suit also was from Freida Dilworth, Ltd.

A whipcord, Kava-knit fabric Jantzen suit from Geo. A. Meikle, Ltd., in shades of red, blue and white, was shown by Miss Daphne Russell.

The English Woolen Shop featured the smart white Terry-knit beach coat and coral swim suit modelled by Mrs. J. Purvis.

Two manly little boys, Master Jack Weddell and Barry Duggan, followed, one in navy trunks with red and white side stripes, and the other in maroon with yellow and white side stripes, which were from Freida Dilworth, Ltd.

Miss Diana De Hart next appeared in a one-piece play suit of red cotton with nautical designs, from Fumerton's Ltd. Another play suit of navy blue drill, smartly trimmed with white, from Geo. A. Meikle, Ltd., was displayed by Mrs. Maurice Meikle.

The first cullotte to be shown was of white, the skirt fullness created through pleats at the front, and a maroon linen blouse completed the outfit, which came from German Hunt, Ltd., and was becomingly worn by Mrs. C. C. Kelly.

One of the very new and extremely smart housecoats modelled by Miss Janet Craig drew interested applause and comments.

Miss Kay Hill appeared again in a useful and attractive nautical white drill beach suit with navy trim, supplied by George A. Meikle, Ltd.

The little Misses Betty Duggan and Vivienne Vanidour drew their second appearance in cotton sun suits, one in pink and white check, and the other in blue trimmed with white gandy.

DISTRICT ELKS GREET GRAND LODGE OFFICER

Col. Royal Burritt, Grand Secretary-Treasurer, Is Kelowna Visitor

EIGHTY AT BANQUET

Salmon Arm, Vernon, Pentiction, Oliver And Hedley Elks Convene Here

"Canadian Elkdom has its roots firmly embedded in every province with the exception of Prince Edward Island, and the order will make progress from now on," declared Col. Royal Burritt, Grand Secretary-Treasurer of the Elks order in Canada, in addressing a gathering of Elks from lodges as far north as Salmon Arm and as far south and west as Oliver and Hedley, in the "Odette" Temple, Kelowna, on Monday evening.

There were eighty Elks and guests in attendance at the banquet which followed the ceremonial session. The banquet commenced about ten o'clock and lasted to midnight when visitors from the south were forced to leave on the ferry. It was a jovial gathering, and both visitors and host members joined in commenting on the friendliness displayed.

Visitors Present

There were 7 delegates from Salmon Arm, 12 from Vernon, 27 from Kelowna, 2 from Pentiction, 11 from Oliver and 9 from Hedley present on Monday, besides a visitor from Kamloops and another brother Elk, Col. Teter, of Oklahoma, who happened to be visiting here at the time.

Col. Burritt explained that this is the twenty-fifth anniversary of the Grand Lodge Order inauguration at Vancouver. He urged the members to look back over the twenty-five years with a quiet scrutiny. Elkdom is a young order, he continued, and has no time-worn precedents, but the spirit of youth which time only mellow.

Elkdom is founded on friendship and glorifies man's fellowship with man, he stated, but it can be no better or greater than the character of its individual members, and its future is determined by these traits. "Guard well the portals of your lodges, and join hearts and hands in a continuous effort to inculcate the real spirit of Elkdom in your members, in a fraternity of friendship and service." He spoke of the Elks' Order as being exponents of sane and ordered government and being guided by the British flag, with the spirit which always says charge and not retreat.

In concluding his short address he urged his listeners to carry the banner of brotherly love, and to banish class hatreds and suspicions.

Greetings From Rulers

Short notes of appreciation for the banquet tendered by the Kelowna Lodge, and greetings from the clubs they represented, were brought by various speakers, including Exalted Ruler, Percy Hiles, Pentiction; Past District Deputy, Ches Barker, Salmon Arm; Exalted Ruler Love, Hedley; Brother Matlock, Exalted Ruler, Vernon; Brother A. Macdonald, acting Exalted Ruler, Oliver; Grand Chaplain, Mayor E. W. Prowse, Vernon; District Deputy Grand Exalted Ruler, Nelson, Salmon Arm; and District Deputy Exalted Ruler, Horace Galbraith, Vernon.

Exalted Ruler, Charles Friend, of the Kelowna Lodge, presided over the banquet and introduced the speakers.

Brother Frank Allan, of Hedley, entertained with his piano accompaniment, while Brother Nestor Iowski, of Kelowna, was organist for the community singing.

RAIN DISASTROUS TO SOME CHERRIES

Forty Per Cent Splits In Osoyoos Area Say Reports—Bad Signs In Kelowna

June rainfalls, which have fallen to an unusual extent, have spelled the downfall of a portion of the cherry crop. Estimates on splits run from fifteen to forty per cent, according to the district.

At Osoyoos the damage is said to be about forty per cent, while Oliver estimates about twenty to twenty-five per cent. In Kelowna, despite the lack of colour on Blings and Royal Annes, there is some splitting going on. Some bad samples have been shown in the past couple of days, but it is not anticipated that the damage here is over 15 per cent.

Early lettuce movement has now slowed down after a brisk movement mostly from the Armstrong district. Local supplies are the prairies being responsible for the slackness. Bunched vegetables from the Vernon district and cabbage from Kelowna are commencing to roll.

Cherries are moving in quantity by express from the Oliver-Osoyoos district.

About 17 cars of lettuce were sold in the last week, the price remaining firm at \$2.25. Demand was good and the excellent quality of the lettuce has established a real name for our product this year," was Col. E. Poole's comment. Cabbage sales opened at 40 cents, which is a bit low but is ruled by the Coast quotations of 35 cents. Beets and carrots, in the bunched vegetable class, are bringing 35c bulk-head, 45c crate, and turnips 10c lower. Peas are quoted at 6c. Demand for hot-house tomatoes continues quite fair, it is said, and the movement is about at its peak, with 200 to 250 crates daily.

Westbank Bureau Of Board Of Trade Possibility

Possibility of forming a bureau of the Kelowna Board of Trade at Westbank was discussed on Tuesday morning by the executive of the Kelowna Board of Trade and two members of Westbank community, Messrs. A. Davidson and C. Bull.

Mr. W. E. Barton explained that a bureau had been formed at Peachland, but the distance was too far, and that town had lost interest. President W. A. C. Bennett asked Mr. Davidson to call an organization meeting in the near future, and he and other members of the Board would be glad to attend and help Westbank organize.

YOUNG GIRLS GIVE FINE PERFORMANCE

Girl Guide And Brownie Entertainment Is Well Patronized

The Girl Guide and Brownie entertainment, given in the United Church Hall on Tuesday evening, June 22, in spite of the weather, was well attended, and by the applause which followed each number, gave much pleasure to the audience. The proceeds will help towards the funds for camp and necessary supplies for the work of the organizations.

The Chorus, "Chanticleer," was the highlight of the performance, and caused much amusement, along with the Cantata, "Fairies of the Seasons." The failure of the electric current in the middle of this performance was disturbing, but did not mar the entertainment to any marked degree.

The Fairy Queen was Guide Marion Mephum, and the Fairy Prince, Guide Kathie Senger, both taking their parts well. The chorus of forty sang and danced with real fairy brightness and vivacity, and presented a pretty spectacle in their costumes.

The programme follows:

Sing song by all the Guides and Brownies; pianoforte solo, Kathie Senger; vocal solo, Kathie Senger, "Little Red Peep"; recitations, Mollie Noonan, Lelia Kennedy; vocal solo, "The Way to London," Kathie Senger; vocal duet, "Dreams," Philomena Schumaker and Mary Senger; folk dance, Swedish Clap Dance; vocal solo, "Animal Crackers," Lelia Kennedy; recitation, Deborah Harrison; folk dance, "Karnorn"; sing song by the Guides and Brownies; pianoforte solo, Hilda Wahl; pianoforte duo, Hilda and Emma Wahl; vocal solo, Philomena Schumaker; vocal duet, "Chorus, Chanticleer," Philomena Schumaker and Lauretta Melroy; vocal solos, "Linden Lea" and "An Island Shelling Song," Lauretta Melroy; Cantata, "Fairies of the Season," by H. A. Donald.

Quite an improvement has already been made to the long straight stretch just north of Peachland. The road has been widened and a new gravel surface laid. On the main route, through the town of Peachland itself, the road will be straightened, and a curve eliminated.

It is hoped that a survey of a new route to do away with the bad corners on the Trepanier hill will be made this fall, and plans laid to construct this altered highway section in the near future.

Figures regarding the contract under which Dawson & Wade obtained its surfacing programme in the Okanagan are not available.

ADDRESS BY BARRIE
THEME AT UNITED CHURCH

With the death of Sir James M. Barrie, there has passed one of Scotland's most popular writers and dramatists. When Rector of St. Andrews University, he delivered a most memorable address to the students on "Courage," and this will be the basis of a talk by the Rev. Dr. W. W. McPherson at the United Church on Sunday evening.

ROYAL RECEPTION FOR LEGION PIPE BAND IN ATTENDANCE AT WAR VETERANS' CONVENTION

Seven Thousand Persons In Parade At Four-Day Wenatchee Conference

"We were royally entertained." This was the statement on the lips of twenty members of the Kelowna branch, Canadian Legion, on returning from a visit to Wenatchee, where they participated in the 17th annual Encampment of the Veterans of Foreign Wars, on June 16, 17, 18 and 19.

Included in the Kelowna contingent, led by President George Kennedy, were members of the Legion Pipe Band, who entered in the parades and were given a great reception.

Pipe Band In Parade

Seven thousand persons entered the parade on the Friday morning at 11 a.m., and included in this immense gathering were twenty-five bands, collected from all parts of the State or

HARD SURFACING OF VALLEY ROADS HAS COMMENCED

Will Do Eleven-Mile Stretch From Summerland To Peachland

ORCHARD SECTIONS TO GAIN

Dawson & Wade, Vancouver Contractors, Get Contract For Okanagan Work

First part of the permanent hard surfacing throughout the Okanagan is being laid this week in the southern part of the Valley from the northern end of Vaseaux Lake to Oliver. Mr. O. P. Roberts, Assistant District Engineer, Vernon, has reported to The Courier, Dawson & Wade, Vancouver contractors, have set up machinery there to lay the much-surfaced.

This will be the same type of surfacing which has been laid between Oliver and Osoyoos and also just north of Summerland. On the Oliver-Osoyoos section, repairs will be made to the present surface, and a seal coat placed over top to protect the surface which has been a great boon to residents of that area for the past two years.

Eleven Miles To Peachland

When that work is completed the equipment is to be moved north to do the Main Street of Pentiction from curb to curb. Then will come the short stretch from Trout Creek bridge to the cliffs just south of lower Summerland, following which the 11-mile stretch from the four miles of surfacing placed last year north of West Summerland, to Peachland.

At Naramata about 3 1/2 miles of double flush coat road will be laid from the packing house to the end of the Pentiction Municipality oiling programme. The Westbank Main Street will receive similar treatment, as will the road from Renfrew's Corners to the Rutland Post Office. Two miles of road through Winfield will also receive a double flush coat.

It is unofficially stated that various stretches of secondary roads through orchard sections are to receive oil dressings in order to prevent so much dust from clinging to the fruit in the orchards. These may include the Trepanier section, the road leading up to the town of Westbank from the north, the Okanagan Mission road, Richter Street extension just out of Kelowna, the K.L.O. road, and the route past the packing house at Okanagan Centre.

This is a programme which has been arranged tentatively, although no official information has been obtained regarding its authenticity in the Okanagan.

New Bridge To Start

From ordinary bridge maintenance funds the bridge on the Sexsmith road between Reid's Corner and McLean & Fitzpatrick's packing house, is to be rebuilt. It will be a standard pile trestle bridge, and work is to be started immediately.

Quite an improvement has already been made to the long straight stretch just north of Peachland. The road has been widened and a new gravel surface laid. On the main route, through the town of Peachland itself, the road will be straightened, and a curve eliminated.

Figures regarding the contract under which Dawson & Wade obtained its surfacing programme in the Okanagan are not available.

ADDRESS BY BARRIE THEME AT UNITED CHURCH

With the death of Sir James M. Barrie, there has passed one of Scotland's most popular writers and dramatists. When Rector of St. Andrews University, he delivered a most memorable address to the students on "Courage," and this will be the basis of a talk by the Rev. Dr. W. W. Ferry Problem Is Being Scrutinized

Public Works Official Arrives In Kelowna With Authority To Solve Problem In Best Way Possible—Minister States No Equipment For Auxiliary Service Will Be Available From Railway Company—Meeting Here Decides To Continue Fight For Extra Service To Handle Increased Tonnage Of Tomatoes And Soft Fruits

CAPT. C. R. BULL, member-elect for South Okanagan, has notified the Kelowna Board of Trade that he received word from Victoria on Tuesday to the effect that an official of the Public Works department will arrive in Kelowna today, Thursday, to investigate the situation of the Kelowna-Westbank ferry, with full authority to deal with the matter in the best possible way.

This is the latest development in the ever-changing vista of attempts to obtain auxiliary ferry service during the months of July, August and September, in order that the trucks carrying the increased tonnage of tomatoes from Westbank, and the soft fruits and apples from the southern parts of the Valley for reloading in Kelowna, may not tie up the ferry for ordinary passenger traffic.

Last week it was thought that Hon. F. M. MacPherson, Minister of Public Works, had the matter well in hand and that an auxiliary service was practically assured. On Monday, Capt. C. R. Bull received a letter from the Minister which shed an entirely different light on the subject and expressed grave doubts that any additional service would be forthcoming. Forthwith, a meeting of the two Boards of Trade, shippers, canners, and other interested parties was convened in the Board of Trade rooms, Kelowna, on Tuesday morning and plans laid to remedy the new situation.

It appeared from Hon. Mr. MacPherson's communication that the Canadian National Railway would not or could not provide any equipment for this extra barge and ferry service, which was requested, and that the Public Works Department was at a loss to know the next step to pursue.

MacPherson Letter

Following is a copy of Hon. Mr. MacPherson's letter to Capt. C. R. Bull: "Further in regard to our telephone conversation and telegrams of recent date, and our negotiations with the Canadian National for additional equipment, I have to advise you that I received the following telegram:

"Your wire, fifteenth, re Kelowna-Westbank ferry service. Regret it will not be possible to release any of our equipment for ferry service during the period mentioned by you, as all our units will be required for service in handling our own business. In addition, our equipment not suitable for passenger carrying service and cost of so equipping to comply with shipping regulations would be entirely prohibitive.—W. T. Moodie, Canadian National General Superintendent."

"You will note from this it will be impossible to secure any additional service, and we will have to do the best with the service we have. I take it from this wire of Mr. Moodie, representing the Canadian National, that the business offering that you mention is business that they expect to handle for themselves."

Great concern was expressed by those present at the Tuesday morning meeting, and it was plain that they would not let such a reply from Hon. Mr. MacPherson deter them from obtaining some sort of additional equipment.

(Continued on Page 10)

FEAR INTERFERENCE FROM POWER LINES

Radios Will Be Rendered Useless By Increased Voltage Is Claim

Unless some steps are taken, the interference from the West Kootenay power lines entering Kelowna on Pendoli Street will be such when the voltage is increased to 60,000 K.W., that radio reception, other than CKOV, will be rendered useless over a wide area of the city.

Such a statement which has been causing considerable alarm in Kelowna for the past week to ten days, and came under City Council surveillance in committee Monday night, and the executive of the Kelowna Board of Trade on Tuesday morning.

It is stated that a different type of insulation than is being used now, and which costs in the neighbourhood of twenty-five cents apiece more, would eliminate this disturbance. Letters are being written from both the aforementioned public bodies in Kelowna to Mr. Lorne Campbell, General Manager of the West Kootenay in Nelson, asking him to take action to prevent any such interference with reception of radio this year.

GRADUATING CEREMONY PROVES FITTING CLOSE TO THE KELOWNA TRAINING SCHOOL FOR NURSES

Impressive Service Held At School Auditorium In Graduation Week

Dignified and inspiring were the graduation exercises and presentation of prizes at the Junior High School Auditorium on Friday evening, June 18, when the 1936-37 graduates of the Kelowna General Hospital Training School gathered to receive their awards for their years of devotion to duty and faithful study.

This tenth graduation ceremony was one of more than ordinary importance as it represented the final exercises to be held in Kelowna. The Training School, much to the regret of the Board of Directors and others, had to be closed at the first of the year.

For the occasion, the Auditorium was tastefully decorated with peonies, kindly donated for the occasion by Mr. J. W. Hughes, and presented a lovely picture. Mrs. W. J. Butler had charge of the hall decorations.

Impressive Ceremony

It was the whole-hearted opinion of the many persons who filled the Auditorium to near-capacity that this tenth graduation ceremony was the most impressive of any ever held, and provided a fitting closing to a School which has brought considerable honour to the Kelowna General Hospital.

The graduating nurses were Misses Kathleen Mataya, Iveligh M. A. Tilton, and Miss Josephine Harling receiving these, Dr. Knox's Gold Medal for anatomy and physiology, Dr. Underhill's prize for surgery and Mr. G. A. McKay's prize for materia medica, went to Miss Mataya. Dr. Henderson's prize for obstetrics and Dr. Large's prize for the highest average in all exams were awarded to Miss Iveligh Tilton. The Board of Directors, on behalf of the Board of Directors, a huge bouquet was presented to the Lady Superintendent, Mrs. Wilnot, by Mrs. A. M. McDowell, Miss Mataya, for the nurses, also presented Mrs. (Continued on page 5)

groom left by steamer for Seattle, en route by air via Salt Lake City for New York and cities in Eastern Canada. On their return, they will take up residence in Vancouver.

Local and Personal

Dr. Kaye Lamb, Provincial Architect, is a visitor in the Okanagan Valley this week, en route to the Kootenays.

Mr. Herman Hunt was a business visitor in Kelowna from Nelson last week, returning to the Kootenays on Sunday by motor.

Mrs. L. S. Oulton, of Vancouver, with her two sons, Donald and Norman, is visiting with her mother, Mrs. Elliott, on Pendozi Street.

On a charge of being an interested person found in possession of liquor, R. H. Rodgers, paid a fine of \$30 in Police Court on Tuesday, before Magistrate J. F. Burne.

Mr. H. C. S. Collett and Mr. D. McNair, of Kelowna, were named directors of the B.C. Herford Breeders' Association, at the annual meeting held at Chas. Turner's Sunnybrae Farm, Westwood, on Saturday, June 5.

On Saturday, June 19, William H. Russell, of Lumbly, was given freedom on suspended sentence on a charge of selling tombstones without a licence. He agreed that he would not carry on his business in Kelowna without first purchasing a licence.

Thursday next, July 1st, being Dominion Day and a public holiday, all places of business in Kelowna will be closed that day. As The Courier must publish on Wednesday, all advertisements and correspondence are requested to co-operate by turning in their copy as early as possible.

Among the students of the Provincial Normal School at Vancouver, successful in gaining their diplomas as the result of the recent examinations, according to results announced yesterday by the Department of Education, appears the name of Miss Joan Bernice McCall, Kelowna's fleet little track star. Many congratulations!

The Kelowna Elks Lodge staged a well-attended show at the Empress Theatre on Thursday evening, June 17, the proceeds in aid of Preventorium funds. Between \$40 and \$50 was realized from the event, it is stated. The picture shown was "John Meade's Woman", starring Edward Arnold and Francine Lawrence.

Work of the Kelowna school pupils in the Home Economics and Manual Training departments is being displayed in the windows of four Kelowna stores this week, at G. A. Meikle Ltd., Fumerton's Ltd., O. L. Jones Furniture Co., and the Ritchie Millinery Shop. These displays are causing considerable comment, as the class of work turned out is of a high order.

When travelling east on Eli Avenue, at a low rate of speed, C. F. Lindberg, of Vancouver, hit a bicycle ridden by George Weeden, of Kelowna. The latter received cuts and bruises to his head and hip and was given medical attention. He was not seriously hurt. The accident occurred just past the intersection on Pendozi on June 21, at 4:45 p.m.

On charges of disorderly conduct, Ralph Fosberry and Jack Murray appeared in Police Court before Magistrate J. F. Burne on Monday, June 21, following a fracas on Saturday night. They were allowed out on suspended sentence on payment of \$325 each. Fosberry also paid a fine of \$25 or 21 days for being drunk on Mill Avenue, in Kelowna.

In The Courier Advertiser of June 22, an item from Kamloops reported that Mr. Sanford Austin, of the Kelowna schools staff, had been appointed physical education instructor at the Kamloops Junior High School. Mr. Austin states that he was offered this post, but the Kamloops news item was rather previous, as he has not accepted and will remain in Kelowna.

Many persons have enquired why the mulch surfacing on the Banjo stretch of the Kelowna-Vernon road has not been laid, as it has covered a portion of the highway for many days. It was reported to The Courier today that this work could not be done while so much rainy weather is prevalent, but that as soon as there is a spell of sunny weather it will be laid.

At the executive session on Tuesday morning, Mr. R. F. Parkinson extended the thanks of the Junior Board to President W. A. C. Bennett of the Kelowna Board, for the banquet tendered the visiting Vancouver Junior Board caravan, which visited Kelowna last week. He thought the banquet had been well conducted and had not been too long, as many such affairs are sometimes.

Oliver Board of Trade is petitioning the Valley Boards of Trade for support in its contention that the trans-Canada air mail planes should stop at the Kelowna airport on the hop from Vancouver to Trail and vice-versa. At present these latter two places are the only stops scheduled. Without jeopardizing its own position with regard to an airport, the Kelowna Board is agreeing to the petition.

Kamloops Board of Trade is planning a dinner on September 13 in honour of visiting officials of the Canadian Chamber of Commerce, who will be returning from the annual convention in Vancouver. The President and Secretary of the Board of Trade in the interior is being asked to attend. Mr. W. A. C. Bennett, at the Tuesday executive meeting of the Kelowna Board, urged on the members the necessity of having good representation at the convention in Vancouver. It was not decided if the Kamloops invitation would be accepted.

PLAN BIG TOURNAMENT

VERNON, June 24.—Plans are now well advanced for the annual Interior Lawn Bowling Tournament, to be held on the Vernon Club greens on Monday, Tuesday and Wednesday, July 5, 6 and 7, when it is expected that rinks from Merritt, Kamloops, Salmon Arm, Revelstoke, Armstrong, Kelowna and this city will compete.

GRADUATING CEREMONY PROVES FITTING CLOSE

(Continued from Page 1)

Without with an immense bouquet of carnations.

The graduating nurses were also in receipt of a large number of bouquets of flowers from friends and relatives, in token of congratulations, and these were presented on Friday evening.

Fine Hospital Standard
Mayor O. L. Jones spoke in glowing terms of the standard set by the Kelowna General Hospital, which is a full-time health unit, and of the elevation of the hospital unit. He referred to the elimination of such contagious diseases as typhoid, and how concerted efforts had now wiped out this dread scourge from the Kelowna area. If there had been no more call for the hospital when it was planned, he stated, it would have been considered, he stated.

Kelowna's Mayor wished the graduating nurses God Speed and spoke of the great future ahead in prevention work. He knew that in ordinary nursing the field was crowded, but in prevention work he believed there was great scope.

In introducing Capt. C. R. Bull, Mr. D. K. Gordon expressed confidence in the new member and the Government of which he is a member, gratefully remembering at the same time that it was the Pattullo Government, which, attaining power four years ago, which restored "without delay" the unjust cut in the per capita grant to the hospitals.

Importance of Insurance
Capt. Bull impressed his audience with his capable clarification of the hospital finances, stressing at the same time the importance of the hospital insurance scheme. He stated that the Kelowna Hospital was insured, while today it is in an entirely different situation, with all debts wiped out and a handsome building fund reserved for extension in the future.

But this insurance scheme does not only benefit the Hospital, but is of great benefit to the patient, he continued. Before the plan was put into effect the convalescent patient, worried concerning the convalescent period, worried regarding the bills he was piling up. Ordinarily the convalescent period should be a pleasant one, and it is, now that the patient knows he may leave the Hospital free of debt, thanks to the insurance plan.

He appealed to the people to support this scheme at the Kelowna Hospital, as it is only with sustained and wholehearted support that it will be workable.

In conclusion, the member-elect promised to do all in his power at Victoria to see that any Provincial health insurance instituted by the Legislature would not be detrimental to the Kelowna Hospital Insurance Scheme.

Dr. R. E. McKechnie, who had been visiting in Kelowna for nearly two weeks, occupied with several operations and trips to nearby fishing haunts, harked back to 1909 when he first came to Kelowna and found the Kelowna Hospital just under way with 15 beds.

Always Good Hospital
"Right from the start it was good," he said, "and it always has been good." The Kelowna Hospital is the outstanding one of its size in the Province, and is ahead of the Vancouver General in some respects." He expressed regret that the Training School had to be closed.

The U. B. C. Chancellor also went back to his early days when the first training school was established in Toronto. He was a lecturer at the second training school in Montreal in 1891, and he traced the history of such schools throughout the Dominion, including many incidents of the progress in British Columbia.

Hon. Grose Stirling had one of the most important tasks of the evening, which was chosen to give the address to the graduating nurses. He expressed regret that the School has been closed, for the nurses have been denied the excellence of the training received by the standard they attained in the profession.

"You have completed your years of work and have reached a goal to which you have been looking forward for a long time, and accompanying that thought there is another one, for you are peering into the future, and you are in exactly the same position as students in the other professions, when they have mastered the rudiments, you have all the mechanical knowledge, but only years can give you that experience which produces true efficiency."

"Experience will help you cope with emergency, will give you that confidence in yourself which leads to perfect work."

Due to lack of space in this issue, Hon. Mr. Stirling's talk to the nurses, which was of a high order, cannot be produced in full, but will be given in more detail in the next issue of The Courier.

OBITUARY

Walter Devereux Fitz-Gerald

After residence at East-Kelowna for thirty-one years, Walter Devereux Fitz-Gerald passed away on Tuesday, June 22nd, in his seventieth year. Born in Limerick, Ireland, deceased came to Canada and settled at Grenfell, Sask., in 1883, moving to Kelowna with his wife and son in 1906.

The late Mr. Fitz-Gerald planted an orchard at East Kelowna, where he lived until his death. He was the last member of a large family, most of whom came to Canada to reside. Of a quiet nature, he was an industrious man, but took time off to interest himself in local sports. He was also a first-class rifle shot.

His wife predeceased him in 1921, and he leaves but one son, George, who lives at East Kelowna, and three grandsons.

The funeral service was held this afternoon, Thursday, at the Kelowna Cemetery, with Rev. C. E. Davis officiating. Pall-bearers were Messrs. Geo. Fitz-Gerald, T. D. O. Duggan, E. M. Carruthers, Jock Paterson, A. B. Wood and Capt. O. V. Maude-Roxby.

SMART STYLES DISPLAYED BY BEAUTIFUL MODELS

(Continued from page 1)

These were from Freida Dilworth, Ltd. They were followed by Helen de-Plyler and "Buddy" Kelly in lovely little sun suits, the first in green with white head trim and a very nautical contrived ship; the second in white cotton with pleated shorts and white sun tan top.

Mrs. Diana Bellart's second appearance in cream flannel and a novelty knit jersey sport shirt of blue and white, created a smart picture of what the sporting Miss should wear. This was from Geo. A. Meikle, Ltd.

Cool, white, pleated shorts and top, worn with a white cotton cap trimmed in navy, was Miss Janet Craig's next outfit from Fumerton's.

Demure little Miss Phenella Loeck wore a printed piece play suit from Freida Dilworth, Ltd.

The children next took the spotlight, one after the other, in a charming succession of lovely summer clothes, some suitable for play, some for more dressy affairs, all shown by Freida Dilworth, Ltd.

The first of the smartly tailored dresses was modelled by Miss Janet Craig, who wore a two-piece unbreakable linen, the skirt of dark brown and the top of natural linen colour, finished with a brown Ascot tie, from Geo. A. Meikle, Ltd.

A two-piece Billie Burke linen suit, of the skirt of white and the blouse of cherry print, and imported English felt hat, the same shade as the blouse, featured by the English Woollen Shop, was Miss Theodora Hopkins' first ensemble.

From "Mayfair" came the first glow Marquette knit-to-fit afternoon suit, completed by a large Milan straw hat. This very smart outfit was modelled by Mrs. V. Freeman, and came from the English Woollen Shop.

Shown by the same firm was the beautiful mauve string suit, with a large flower cluster on tone at the neckline, and in striking contrast was the yellow felt hat, which was Mrs. P. B. Willis' first ensemble.

Mrs. J. Purvis modelled a beach crepe suit of colourful printed silk crepe with huge yellow and brown flowers caught at the high neckline. This was a very lovely costume.

Six beautifully hand-knitted suits and dresses were shown by Mrs. J. Cameron Day, Mrs. Allan, Mrs. Callis, Miss Cartridge and little Miss Lois McKim. These models were of great interest to the audience.

Mrs. P. B. Willis was striking in a Bali red knit-to-fit, three-piece suit and white hat of stitched crepe, which was shown by German Hunt, Ltd. A smart outfit for street wear.

Also useful for street wear was the Princess model, tailored suit in pin stripe, further enhanced by a sheer white blouse and matching accessories worn by Mrs. V. Freeman, and Miss Callis.

The English Woollen Shop presented the stunning afternoon frock of striped chiffon in vivid shades of navy, green, cerise, purple and white, which was most becoming to Mrs. H. J. Stevens, the mannequin.

Mrs. Maurice Meikle, in an exclusive Joyce Gould's Li Perl frock of bright blue silk crepe, smartly trimmed with white embroidery and finished by a sleeveless bolero, modelled for German Hunt, Ltd.

An afternoon frock in navy, triple sheer appliqued with white braided flowers and a becoming white taffeta off-the-face hat, was shown by Mrs. J. Purvis from the English Woollen Shop.

Shaggy poppies in red and black, scattered on white net, and a hand-made straw picture hat proved most fetching. Miss Trudy Treswell was the model for this ensemble from the English Woollen Shop.

From the same firm came the dainty and useful afternoon frock of gay flowers on lily green silk, belted with a sash ending in a Spanish fringe, and the smart white felt "On The Avenue" hat, charmingly modelled by Miss Diana De Hart.

One of the very new high-waisted frocks in navy net with all-over white embroidery featuring a boat shaped neckline and shirred shoulders, and sleeves were very chic on Miss Gwen Harding, and shown by German Hunt, Ltd. was the printed pure silk flowered crepe frock embodying the new rolled hem, padded shoulders, high Grecian waistline and the Wallis Simpson roll collar, modelled by Miss Daphne Russell.

Miss Audrey Dilworth, modelling for Freida Dilworth, Ltd., was smart in a corn gold jigger coat with wide lapels, swing back and slit pockets.

Then followed a profusion of lovely summer evening frocks all most suitable for Aquatic dances. The first dainty mannequin to appear was Miss Kay Hill, in pale blue net over taffeta with huge blue flowers scattered around the full hemline and sleeves, from George A. Meikle, Ltd.

In decided colour contrast was Mrs. J. Purvis' billowing, navy organza frock, the hemline encircled by rows of green, yellow and red braid repeated on the bolero. This lovely creation was from the English Woollen Shop.

Mrs. Stevens set off to advantage the powder blue taffeta gown, using contrasting trim around the bottom in pink, which was repeated in the wide sash, and with a high neckline and large puffed sleeves.

A lovely magnetite organza over vivid green taffeta, with taffeta trim on the skirt bottom and a smartly tailored bodice, was particularly suited to the brunette model, Miss Trudy Treswell.

Miss Daphne Russell, modelling for German Hunt, Ltd., was daintiness personified in a white dotted net over satin, rows of gathered net around the skirt bottom and sleeves, and a brilliant buckle and clip finished the frock.

Miss Gwen Harding, showing a powder blue taffeta with a flared skirt, featuring the new, deep hemline with knife-pleated top and padded rolled hem, and the knife pleating used on the full, puffed sleeves, was the next

GARDEN PARTY

The Ladies of the Pendozi St. Circle, are holding their annual Garden Party and Sale of aprons at the home of Mrs. E. L. Cross, Strathcona Avenue.

TUESDAY, JUNE 29
from 3 to 6 p.m.

Free transportation is being arranged. Cars will be at the points mentioned at 3 and 3.30 p.m.:—
Rev. W. W. McPherson—Corner Glenn and Ethel.
Mrs. W. E. Adams—Lake and Abbott.
Miss Ball at United Church.
Miss Lloyd Jones at Anglican Church.
Mr. Cameron Day—Willits' Corner. 47-1c

modelled, through arrangements made by German Hunt's store with Eastern manufacturers. Mr. Matoff, an expert furrier, was in charge of this display. Those in charge of the Fashion Show were Mrs. C. C. Kelly, Supervisor of Models; Mrs. J. N. Cushing, Refreshment Convener; Mrs. Maurice Meikle, Advertising; Mrs. Max dePlyer, Decorating; Miss Joan Tilley, Invitations. The coiffures were done by the following Beauty Parlours: "Vivienne's," Royal Anne Beauty Shoppe, and Bob-In Beauty Parlour.

The shoes worn by the models were supplied by the Copp and Williams shoe stores.

Milk used for making butter, both
creamery and dairy, in Canada in 1936,
showed an increase of 169,819,900
pounds, or 2.1 per cent, on 1935 when
the amount used was 8,143,583,100
pounds.

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Orders for the week commencing
Thursday, June 24, 1937:
Duties: Orderly patrol for the week,
Eagles, P. L. D. Chapman; next for duty,
Otters.

Rallies: The Troop will rally at the
Scout Hall on Friday, June 25, at 7:15
p.m., and all those who intend to go
to camp this year should attend this
meeting.

The first day of camp will probably
be the 1st of July, as this will enable
all the leaders to assist in the con-
struction work which always precedes
a camp. As yet we have not procured
a camp site, but we have one in
mind that we are sure can handle the
job very well. The weather does not
look very promising so far, but there
is bound to be a break before that
date, so don't let it dampen your hopes
of a good camp.

With the assistance of Jack Lynea
and P. L. Chapman, we were able to
change the rings over to the centre of
the hall and raise them up over two
feet. This will enable almost all the
boys to swing clear of the floor when
performing on the rings and will per-
mit of a lot more exercises that we
were previously unable to do.

LETTERS TO THE EDITOR

ABOLITION OF SALE
OF SPORTING FISH
Kelowna Mission,
June 22, 1937.

To The Editor,
Kelowna Courier.

Dear Sir:
Once more in Penticton, the Rod and
Gun Clubs have endorsed a resolution
to abolish the sale of sporting fish,
and it seems reasonable to suggest an
open discussion of the subject by all
concerned before it becomes an ac-
complished act.

Mr. Clarence alone has publicly op-
posed it, but he is not the only man
in opposition, nor the only man who
would like Mr. Spurrer to clear up
his statement in Vernon that nine tons
of fish were sent to Vancouver clubs
last year, before Mr. Spurrer starts
on the current season's fish stories.

No fair-minded person can object to
the resolution as it may apply to the
much smaller fish developed by the
clubs for the lakes of anglers and
the whole district, but Okanagan Lake
is surely a different matter. The fish
in it do not owe their origin nor in
any large degree their continued exist-
ence to the efforts of sportsmen, and
once to the efforts of sportsmen, and
the commercial fishing has never
reached dangerous proportions in the
past, with only a moderate but sig-
nificant demand. That is a point ig-
nored by the Rod and Gun Clubs, that
people may buy who have no oppor-
tunity to fish for themselves, and the
real effect of the resolution is to state
that Okanagan fish are to be the ex-
clusive perquisite of the minority of
sportsmen and those who enjoy the
inestimable privilege of their patron-
age. The outer circle may try the
effect of a dazzling smile as the trium-
phant angler returns, or else eat re-
frigerated cod and like it.

The kokanee is to be raised from
its lowly status as a suitable food "for
Indians, farmers and the poorer peo-
ple" and become a sporting fish. I
hesitate to comment on that classifica-
tion.

Pained references have been made
in the past at Rod and Gun Club meet-
ings to the surprising unpopularity of
the sportsman, but perhaps this resolu-
tion will help to re-establish him
in a big way.

Yours truly,

A. F. PAINTER.

WANTON MISCHIEF PERPETRATED IN GLENMORE SCHOOL

Case Of Piano Broken And Num-
ber Of Keys Destroyed By
Unknown Vandal

GLENMORE, June 24.—Some per-
son as yet unknown, who apparently
is not accountable for his actions, en-
tered the School some time during last
week and damaged the piano to a
great extent, breaking the case and
destroying quite a number of the keys,
also doing other mischief which would
denote that he should be somewhere
under control of the authorities.

Rev. A. McMillan, who has been
pastor of the triple charge which in-
cludes this district for over eleven
years and has endeared himself to all
those with whom he came in contact,
will deliver his last sermon here next
Sunday before leaving to take charge
of the United Church at Naramata.
Mr. McMillan will be greatly missed
in this community.

Mrs. Ritchie, of Victoria, who is vis-
iting many old friends here, and Mrs.
R. W. Andrews were co-hostesses at
a tea given in the Royal Anne on Sat-
urday last.

Mike Talbot, with a companion,
spent several days last week at the
Arlington Lakes.

Eric Williams, the fifteen-year-old
son of Mr. and Mrs. Williams, of the
fox farm, was admitted to the Hospi-
tal two weeks ago suffering from
sun-stroke. He was also found to have
sinus trouble and an operation was
performed. He has since developed
spinal meningitis and is in a critical
condition, although at time of writing
there seems to be a slight improve-
ment, and hopes are held out for
his recovery. His sister, Miss Wil-
liams, R.N., of Yorkton, Sask., has ar-
rived and is assisting in the care of
her brother.

The School is putting on a very much
better appearance these days. It
getting a much needed coat of paint.
Mr. J. R. Pointer is doing the work.

The weather man is not being very
good to the hay, which has been cut
and is lying in the fields, and straw-
berries are suffering, but, on the other
hand, gardens are being greatly bene-
fited.

ELLISON'S NEED OF RAIN MORE THAN FILLED

Cut Alfalfa Still On Ground But
Field Crops And Gardens
Thrive Mightily

that the Weather Man must regret the
Kelowna Courier even down to the
Ellison Notes. No sooner had our
need of a "good June rain" been ex-
pressed in print than the Heavens
opened and have hardly been shut since.
The rain is a very welcome thing, even
though most of the first crop of alf-
alfa is cut and on the ground or in
coils. Field crops and gardens have
assumed a healthy, promising appear-
ance and have started to make up for

DECISIVE SCORE AS ORCHARD CITY CRICKETERS WIN

Penticton Turned Back In Spen-
cer Cup Game By Score Of
207 To 71

BREDIN NOT OUT FOR 110
Johnson Is Leading Kelowna
Bowler To Take Five Wickets
For 24 Runs

Kelowna's first participation in the
Spencer Cup sectional play for the
1937 season was auspiciously celebrat-
ed last Sunday on the local grounds
when Penticton was soundly beaten by
a score of 207 to 71.

Penticton, Naramata and Kelowna
are playing in the southern section of
the Spencer Cup championships, with
the winner taking on the league lead-
ers in the northern area, which com-
prises the Vernon teams.

Kelowna batted first and compiled
207 runs for nine wickets. Bredin be-
ing outstanding with 110 runs, not out,
and Johnson contributing a valuable
36. Penticton could not compete ag-
ainst the stalwart bowling of John-
son, who took five wickets for 24 runs.
The visitors only amassed 71 runs for
13 runs and Dunlop was right
alongside with another couple for 15.

Return Match Next Month

For the visitors Simey was high
scorer with 12, and Annandale and
Malan made nine each. Kelowna will
play the return match at Penticton on
July 11.

The scoring was as follows:

Kelowna:		
Dunlop, c Wharton, b Malkinson	3	
Hickman, b Malkinson	2	
Bredin, not out	110	
Greenland, run out	2	
Johnson, b Malan	36	
Buck, lbw, b Malan	0	
Griffiths, run out	13	
Radford, c Malkinson, b Kidson	6	
Patterson, c and b Hill	1	
Scott, b Hill	13	
Matthews, not out	10	
Extras	10	
	207	

Penticton:		
Malkinson, c Radford b Matthews	2	
Annandale, b Dunlop	9	
Simey, c Patterson, b Dunlop	12	
Wharton, b Matthews	1	
Malan, b Johnson	9	
Kidson, b Patterson	9	
Latto, c Patterson, b Johnson	7	
Walton, b Johnson	5	
Hill, not out	3	
Hall, b Johnson	0	
Palmer, b Johnson	9	
Extras	7	
	71	

Vernon Juniors Win

On Saturday afternoon, at the City
Park grounds, the Vernon Juniors,
supplemented by four senior players,
defeated the Kelowna Juniors, led by
W. B. Bredin, also a senior player, by
90 runs to 77.

Most of the Kelowna boys found the
bowling of Karn too strong, but J.
Hammond and D. McLennan knocked
up 10 and 12 respectively. E. Ryan
bowled well and was responsible for
six of the Vernon wickets for 32 runs.

In the second innings, which was
not completed, P. Russell made 12 and
J. Appleton and C. Atkinson each
scored 8. It is expected that further
matches will be arranged for the ju-
nior teams during the season, and they
give excellent promise of developing
into good cricketers.

The scores for the first innings fol-
lows:

Kelowna:		
C. Atkinson, b Karn	1	
J. Appleton, b Karn	0	
W. Ryan, b Karn	0	
D. Deans, b Karn	0	
Bredin, lbw b Karn	41	
J. Hammond, b Karn	10	
D. McLennan, b Karn	12	
J. Whillis, c and b Cullen	0	
R. Pettigrew, b Cullen	3	
R. McClymont, run out	0	
P. Russell, not out	5	
Extras	5	
	77	

Vernon:		
D. Hunter, b Ryan	8	
B. Palmer, c Atkinson, b Bredin	20	
Cullen, c Hammond, b Ryan	0	
Karn, c Bredin, b Ryan	5	
Bennett, run out	0	
Chamberlain, c Appleton, b Ryan	5	
Conley, b Ryan	0	
E. Cullen, not out	39	
Roberts, b Ryan	1	
N. Cullen, c Hammond, b Bredin	0	
Jessington, c Bredin, b Hammond	2	
Extras	8	
	90	

the slow growth of the early summer.
Apples are sizing well and thinning
is the order of the day—between show-
ers.

The Ellison Community Picnic is be-
ing planned for Saturday, June 25, at
Petrie's picnic grounds, on Wood-
Lake. Mr. J. F. Anderson will pro-
vide transportation for the school
children and on the way up a game
of softball will be played at Winfield
between the Winfield and Ellison
teams, at 10:30. It is hoped that as
many grown-ups as possible will plan
to be there and make the day a really
successful outing. There will be nov-
elty races and, if the weather is fine,
it will be an enjoy-
able day for every one. It has been
suggested that, should it be rainy, ra-
ther than cancel the affair bathing
suits for young and old should be is-
sued by the School Board as the ideal
costume. Others have gone further
and have said, "What the Doukhob-
ors have done, we can do," but these
are the extremists amongst us.

The school softball team, which is
a mixed one of five boys and four girls,
is going up to East Kelowna on Thurs-
day, after school, to play off the rub-
ber with the East Kelowna team, each

NEW ATTITUDE OF REGULATED USE OF B.C. FORESTS HAS BEEN ADOPTED, SAYS CHIEF FORESTER

Mr. E. C. Manning Addresses Annual Convention Banquet Of Interior Fish And Game Protective Association And Urges Conservation—Great Increase In Number Of Coarse Fish Taken From Interior Waters Reports R. W. MacLeod, Supervisor Of Fisheries—Must Be Sensible To Always Have Game Says Inspector C. F. Kearns, Nelson

Clearly depicting the new attitude of his department, Mr. E. C. Manning, Chief Provincial Forester for B.C., was the main speaker at the banquet of the Interior Fish and Game Protective Association, held in the Inverlochy Hotel, Penikese, last week. Regulated use, with close protection, instead of the "locked up" idea, is the dominating feature of the new policy.

British Columbia is only two per cent tillable, Mr. Manning declared, and on the management of the remaining 98 per cent the province's economic structure depends. Conservation and intelligent management would ensure the perpetuation of British Columbia's great heritage for all time. The greatest problem lies in the protection of forests from fire, he said.

Protect Wild Life
"The forests provide protection to all wild life, guard the streams with their fish. Twenty-five years from now, our children are going to judge us by the manner in which we have used this heritage," the speaker stated. "All departments and organizations must work together to the end that conservation will be assured."

Already 500,000 acres of land in the province, unfit for anything save growth of timber, have been left barren, while an additional 400,000 have been rendered only partially useful.

Mr. Manning then spoke of the work done by the single young men working under direction of his department in the work corps. A considerable amount of work had been accomplished in the way of opening trails for visitors practically all of which has been done at the Coast, as it was impossible to work in the interior during the winter months.

However, he desired to know what could be accomplished for the interior, since it was hoped to have a limited programme of summer work carried out. Some of this work would be done on Trepanier Creek, said Mr. Manning, as well as some in the Kamloops area.

Following Mr. Manning's address, J. B. Spurrier called for a vote on a resolution, addressed to the Forestry Branch, stating, "We desire trails be opened, and we, as sportsmen, will aid in forest protection." This was unanimously carried.

Fishery Work
R. W. MacLeod, of New Westminster, Supervisor of Fisheries for the Dominion government, told of the work that had been accomplished in the way of destruction of coarse fish, which are the natural enemies of the trout and other sporting fish.

Mr. MacLeod also told of the difficulties that had arisen as between the two departments, the game department, which is provincial, on the one hand, and the fisheries department, which is federal, on the other. Eventually it had been agreed that sport fish came under the rule of the provincial government and, since that time, steps had been taken to ensure greater unity of effort.

In 1936, said the speaker, at the outlet of Okanagan Lake, coarse fish destroyed included suckers, nil; squawfish, 45; carp, 495. At Duck Lake, 1,000 suckers, 600 squawfish, and 400 carp; at Long Lake, 1,954 suckers and 32 carp had been eliminated, and at Long and Woods lakes, 72 suckers, 93 squawfish and 75 carp had been taken.

In comparison, the figures for 1937 to date included the following: Otter Creek, to June 7, 15,000 carp (approximately 37 tons); outlet of Long Lake,

1,000 suckers, 3 squawfish and 30 carp; Long and Woods lakes reported approximately two tons of coarse fish had been removed, while at the inlet of Woods Lake, 1,313 suckers, 45 squawfish and 5 carp were taken. From Monte Lake 3,062 had been removed, as at May 31 of this year. It might be possible, said the supervisor, to extend the trap system, assisting in the work of clearing streams and lakes especially of coarse fish, to the betterment of the sporting varieties.

Ladies' Interest
Mr. MacLeod also spoke of the healthy interest now being taken in angling by ladies. This, he indicated, was a favourable sign for the development of the sport.

In a few brief remarks given prior to the showing of the motion pictures, Commissioner J. Cunningham, of the Game Department, said that if it had not been for the Dominion fisheries department, the sporting fish situation would have been a sorry one today. The commissioner also said that Mr. Manning and his department had been of considerable assistance, in the streams had been cleared and dams constructed, as well as other details carried out.

On Game Laws

Prefacing his address with some numerous stories, levelled at various officials in the game department, Inspector C. F. Kearns, of Nelson, indicated the change in attitude toward game laws and the enforcement thereof.

Game laws had been unpopular for many years, said the speaker. In the early years, those that had been set up were enforced by means of rather drastic penalties, such as had obtained in the time of William the Conqueror. Times had changed, and the penalties had been changed. However, some people always obeyed the law, while others did not do so, considering it a right to break an ordinance if they could get away with it.

British Columbia being 1,000 miles long and 400 miles wide, comprised a large territory, with only a handful of wardens to cover it. The rest of the province was not like the Okanagan Valley, where, he said humorously, one was falling over game wardens constantly. Enforcement and conservation would not get to first base if it were not for the co-operation of the B.C. Fish and Game Association and its component clubs.

Game Belongs To People

The game of British Columbia belonged to the people of the province. "If we are sensible with it, we will always have it," said the inspector. However, times and ideas have changed. The province today contained a great many more people than in the early years. Yet there are far less violations.

It is not alone the imposition of fines, following convictions, but the calumny heaped on the offender by his friends and business associates that has the effect of deterring many from offending who were not altogether in sympathy with the laws. However, most sportsmen have adopted the attitude that the game belonged to them and that it is up to them to take care of it.

Stormont, of Vancouver, well-known "Izaak Walton" spoke of the interest being taken in fishing by the ladies. As an instance of this, he said that he and his young daughter had

ORCHARD SURVEY OF PRACTICES AND COSTS TO BE MADE

Government To Undertake Analysis Of Prices And Returns As Well

Not only will a survey of orchard practices and costs be conducted in British Columbia, but also an analysis of prices and returns for apples, along the lines now being undertaken in Nova Scotia.

This information has been conveyed to President A. K. Loyd, of the B.C. F.G.A., by Secretary L. F. Burrows, of the Canadian Horticultural Council, of which the B.C.F.G.A. is a member and Mr. Loyd a director.

This survey is an outcome of a resolution adopted at the last convention of the B.C.F.G.A. Representations were made to Ottawa and as a consequence Mr. Burrows has received the following letter from the Commissioner of Agricultural Economics:

Three Projects

"In reply to your letter of April 20, referring to requests made to the Minister of Agriculture for certain projects, namely:

"1. A survey of the costs of distribution of fruits and vegetables in representative markets throughout Canada.

"2. An analysis of orchard practices, including costs of production of tree fruits in British Columbia.

"3. A survey of the Ottawa terminal market."

"I beg to advise you that after considering the funds and personnel available, it has been decided that projects 1 and 2 will be undertaken and

No. 3 if possible.
"In the case of the distribution of fruits and vegetables, it will be necessary for us to make a beginning on a small scale in one or two representative areas."

Similar To Nova Scotia

"With reference to the British Columbia survey, it is suggested by Dean A. M. Shaw, and concurred in by Dr. G. H. Barton, that in addition to the study of orchard practices and costs, we should undertake an analysis of

the prices and returns along the lines now being undertaken in Nova Scotia and which promises to yield some interesting data.

"In the case of all projects, the co-operation of the provincial departments and other units of the federal government will be sought."

President Loyd stated that this is very welcome information and that the B.C.F.G.A. will co-operate in every possible way, now that its own application for the survey has been granted.

ROYAL CITY

PORK & BEANS

Specially grown beans, carefully selected pork, tomato sauce and seasoning to conform with an ever popular recipe. Of appetizing appearance and delightfully flavored.

Let Mr. H. R. Rich tell you why he got out of the "All Three" class!

"I'd been driving one of the 'All Three' cars. I've no complaints... it was a fine car. But with better times returning I wanted to get back in the 'big car' class again. The low delivered price on the Nash LaFayette '400' simply amazed me. Actually it cost me just a few dollars more than one of the 'All Three'."

Look at that car in the picture. It's a great big 117-inch wheelbase Nash LaFayette "400". You get a 90 horsepower, six cylinder engine. You get larger hydraulic brakes, stronger all steel body, extra-wide seats, more headroom, legroom.

Get the Nash extra value story today!

*FOR AS LITTLE AS \$3 or \$4 A MONTH EXTRA you can get out of the "All Three" class. The Nash LaFayette "400" 4-Door Sedan with trunk DELIVERS for just a FEW dollars more than the similarly equipped

"IT'S GOOD TO GET OUT OF THE 'ALL THREE' CLASS!"

"I'M SO PROUD OF OUR BIG NEW NASH... AND IT COST JUST A FEW DOLLARS MORE* THAN THOSE SMALLER CARS!"

PAYS \$75 FINE

VERNON, June 24. Convicted of supplying an Indian, Jimmy Logan, of the Okanagan reserve No. 1, with intoxicants, William Scherle, of this

city, was fined \$75 or in default sentenced to six months in jail before acting Magistrate E. W. Prowse, in city police court on Friday morning last. The fine was paid.

1ST RUTLAND TROOP

"Do a good turn daily!"

Edited by "Kangaroo"

Orders for the week ending June 26th.

The Troop will parade on the School field on Friday, at 7:45 p.m. sharp. Full uniform to be worn. Softball will be played prior to the meeting. Bring tent pegs for the "pup-tent" pitching contest. A number of recruits will be invited at this meeting, so let's have everybody present.

At the meeting on Friday evening last there was a good attendance of Scouts, but a poor showing of P.L.'s and Seconds, who (we hope) were absent because of the need for study for examinations.

The boys amused themselves with various outdoor games until dark, then the meeting was continued in the school basement. Knif-tying was practiced, and a relay won by the Kangaroos. A practice of the investiture ceremony followed, and then the meeting concluded with Scout yells and the "Promise."

While exact figures are not available at the moment, the Kangaroos are leading the Patrol Competition.

The gross value of commodities produced on Canadian farms in 1936 is estimated at \$1,061,624,000, an increase of \$12,084,000 over the estimate for 1935, but \$173,695,000 less than in 1930. Gains were recorded in all the provinces in 1936.

NEW ATTITUDE OF REGULATED USE

(Continued from page 7)

been out fishing. Between them they landed six fish, of which the young lady got four. Mr. Stormont congratulated the organization, and also the fisheries branch, on having accomplished the practical task of destruction of coarse fish, but said he felt the number should be multiplied by ten. These fish made excellent fertilizer, and the place for them was on the land.

Prize Awards

Preceding the awarding of the prizes for the destruction of crows and magpies, Major Allan Brooks, who painted the pictures given, said he was an ardent protectionist. Game is plentiful now as it was fifty years ago, and this can be maintained, but only by means of the co-operation of sportsmen and the organizations. Such measures would mean there would be more song birds, as well as game birds, with the number of the former, as well as the varieties, being on the increase. First prize, said the bird expert, went to L. F. Vader, of Okanagan Falls, who had accounted for 30 crows and 104 magpies. Second place went to J. H. Bennett, of Penticton, who had destroyed 94 crows and 9 magpies. These two men, as well as the others who had worked hard, would account for a tremendous saving of game birds. Major Brooks presented one of his own pictures to Mr. Vader.

Address of Welcome

Introductory remarks at the banquet delivered by J. B. Spurrier, were followed by an address of welcome by Rev. W. G. Wilkins, of Penticton, himself an ardent sportsman. President Gordon Toombs of the Penticton club spoke appreciatively of the work of those who had made of this convention the success it undoubtedly was.

Following the address, motion pictures were shown by Commissioner J. G. Cunningham. These lasted more than an hour and comprised an interesting picture of B.C.'s game life, and the work carried on to preserve it. Of especial beauty were the scenes of some of the lakes in Northern B.C., as well as those of the feeding of pheasants, some of which were taken at Kelowna.

Following is a resume of the resolutions passed at the business session preceding the banquet. A number of resolutions were dealt with in last week's issue of The Courier, and these are the balance.

Inadequate Fines

Inadequate fines imposed by magistrates on those who violated the game laws, and then continued that violation was the subject of the number six resolution from Vernon, moved by W. S. Harris. Many instances were quoted to show that violations of the Game Act were deliberate, the fine being considered merely a tax, with the magistrate being sympathetic to the offenders.

Fault lay not with the game laws and the penalties, but with the laxity given magistrates. Attention of the Attorney-General will be called to the matter; the convention decided, and a tightening up of regulations made possible through convictions and heavier fines asked.

RUTLAND

RUTLAND, June 24. The service station and garage operated for several years past by Mr. George Labe has changed hands, the new owner being Mr. Lester Wells, formerly of Olds, Alberta, who has taken immediate possession. Mr. Wells intends to enlarge the garage and increase the facilities. Residents will all regret to see George Labe and his wife sever their business relations with the district. They are planning to move to the Coast, for the time being at least, though future plans are still not definitely decided.

The "Explorers", a junior C.G.I.T. group under the leadership of Miss Doris Schell, held an enjoyable hike to the "singing bridge" at Mission Creek on Saturday last.

A group of young people of the district held a "Treasure Hunt" on Friday evening last, winding up at Gray's backing house, where they partook of refreshments, served by the ladies. Miss Aileen Bond was guest of honour at the party.

A wedding of interest to Rutland, East Kelowna and Joe High residents, was solemnized at the United Church on Wednesday, June 16th, when Audrey Smith, eldest daughter of Mr. and Mrs. Tom Smith, of Joe High Valley, became the bride of Mr. Donald A. Miller, well known East Kelowna resident, and son of Mr. and Mrs. A. Miller, of that district. The ceremony was performed by Rev. A. McMillan.

A party of young people were the guests of Mr. Earl Hardie on Sunday, when they were taken for an enjoyable launch ride down Okanagan Lake. The party stopped at Peachland to see part of the baseball game there.

The speaker at the monthly meeting of the Women's Institute on Thursday last was the pastor of the Japanese Mission at Kelowna, who gave a very interesting and informative talk on the customs and history of his native land. Many beautiful articles of Japanese manufacture were displayed by the speaker.

The 1936 estimated value of dairy production in Canada is the highest recorded since 1930, namely, \$208,238,129, an increase of \$15,827,705, or 8.2 per cent, on 1935.

Vernon's seventh resolution, asking that dealers be licensed to purchase deer-hides, that the hides be not wasted, was defeated. It was felt this might leave a loophole for the possible slaughter of a number of deer for their hides alone, as ways would be found by unscrupulous dealers to circumvent regulations.

Recommendations for open seasons on upland birds, were given considerable discussion. It was agreed that a closed season on ruffed or willow grouse, in the area from Kamloops to the boundary, be enforced. Major Allan Brooks said that it was impossible to have willow grouse in the same territory where there were pheasants, as the latter, together with domestic poultry, were carriers of a disease fatal to ninety per cent of young grouse. The closed season would give the few birds surviving a chance to increase in number. A similar regulation for Hungarian partridge was recommended by the gathering.

Penticton's first resolution asked that a carp-trap be erected at Tucanuit Lake near Oliver, so that sportsmen in that area may remove carp from the lake, enabling the re-stocking with trout a profitable proposition. E. W. MacLeod of the Fisheries stated he would see what could be done in this regard.

Want More Fry

The resolution from Penticton asking that all possible fry be furnished the rearing ponds at Kelowna, brought J. B. Spurrier, the "daddy" of the plan, to his feet. Mr. Spurrier recommended that an additional area comprising eleven ponds be purchased by the Provincial government, and the scope of the work enlarged. Officials present at the gathering took note of the statement made by Mr. Spurrier, while the original resolution was endorsed. R. J. McDougall indicated that the Summerland Hatchery was not of sufficient size, the real aim of interior sportsmen being a supply of fry, instead of eggs.

Endorsement of the placing of Loch Leven trout in Okanagan river below Okanagan Falls, was given by the gathering. A. E. Kay of Penticton said that these were a vigorous, splendid sporting fish.

The fifth resolution from Penticton, asking that delegates for the Interior convention be allotted at three for each club attending, with the proviso that if any of the clubs have a membership of more than 150 then delegates be allotted on the basis of one for each fifty members.

Game department officials agreed to the Penticton number six resolution, a request for the earlier arrival of pheasants, that they be here in time for nesting in the year shipped. Major Allan Brooks told the conference that hand-raised birds were of little use for brood purposes. First a hen would leave the eggs with the hatching of the first chick. Nor would she care properly for the brood either, the bird expert stated.

C. Westaway, secretary of the Provincial body, said that something should be done in connection with the bootlegging of fur. He stated that the Commission's plan of having trappers licensed and given restricted areas was a splendid one, but that a considerable amount of poaching was going on. As remedy for this, the suggestion was that fur should go through a central channel, and that a check could be made on where pelts were taken, and by whom. This was endorsed by the gathering.

Bounty On Goshawks

A. C. Sage, of Armstrong, brought up the matter of goshawks, which were destroying pheasants, asking a 50c bounty on these destructive vermin. A. E. Kay, of Penticton, put the matter even more strongly, citing some local instances of the damage done by these birds, and suggesting a bounty

A sudden emergency—an urgent bill—an unexpected expense

Faced with such problems, many people reluctantly sell good, sound securities to raise immediate funds; and yet, in most cases, the securities could be used to arrange a temporary loan with the bank.

Such loans can be retired by regular payments out of income, and when the loan is repaid, the securities are returned to the owner intact.

Responsible men and women are invited to discuss such loans at any branch of this bank.

CONSTIPATION MAY LEAD TO COLDS

Every doctor will tell you the first thing to do to avoid suffering from colds—is to be sure you are not constipated. Constipation clogs up the system. It weakens resistance, and infections take hold.

End common constipation by eating Kellogg's ALL-BRAN regularly. This cereal supplies the "bulk" your system needs for normal, natural action. It also gives vitamin B to tone up the intestines—and iron for the blood.

In the body, Kellogg's ALL-BRAN absorbs twice its weight in water. It forms a soft mass, which gently exercises and sponges out the intestines.

Eat two tablespoonfuls a day, either as a cereal with milk or fruits or in cooked dishes. Chronic cases with each meal. Will help you stay regular without having to take pills and drugs—that often make conditions worse.

Kellogg's ALL-BRAN is sold at all grocers. Made and guaranteed by Kellogg in London.

ROYAL RECEPTION FOR LEGION PIPE BAND

(Continued from page 1)

The Kelowna visitors a splendid time. It was due to the efforts of these Canadian living in the Apple City of Washington that the trip was made. A branch of the Canadian Legion is being formed there, and an organization meeting was held during the concert. Mr. Len Richards, Kelowna Legion Secretary, and the Secretary of the Penticton Branch, aided the Wenatchee group in its organization.

In W. C. T. U. Building

One of the chief jokes of the trip was that the only sleeping accommodation available for the Kelowna/Killies was in the W. C. T. U. building. Every possible rooming quarters in the city were occupied during the four days.

Transportation of the Kelowna contingent to Wenatchee was provided by Messrs. J. W. B. Browne, Alex Smith, G. W. Sutherland, H. Verity and Alf Smith.

Mayor W. G. Williams, of Penticton, who is also President of the Penticton Branch, spoke briefly at one of the functions, and related the American participation in the World War. He was quoted as saying that the Allies would never have won without the Yankees' aid. He was given a big hand for this speech.

Dean Jessett, of St. Luke's Episcopal Church, Wenatchee, spoke in memory of the Canadian dead in the World War. He said:

"For over a hundred years one of the longest international boundaries in the world has remained unfortified. Stretching from the Atlantic to the Pacific oceans it bisects at its western terminus an arch erected to international peace. The Dominion of Canada and the United States of America set an example of good neighbourliness that a world of bitter national rivalries and antagonisms might well emulate. Nowhere is this spirit of good neighbourliness better exemplified than in the cordial co-operation and friendship existing between the Province of British Columbia and the State of Washington."

"We are gathered together this evening to pay tribute to those who laid down their lives in the service of our country. The last time this supreme sacrifice was called for the soldiers of Canada and the United States fought shoulder to shoulder in a common cause. Not only that, but men of each nationality served in the ranks of the other's army as convenience or desire indicated."

Pays Homage To Canucks

"What more natural then, that upon this occasion we should pause a moment to pay homage to the brave men of the Dominion of Canada who fell fighting for those things which are held dear in both our lands."

"We of the Canadian Legion who served in the armed forces of the Dominion that lies across the unguarded border, bid our fellow-citizens of the United States of America, and our former comrades and friends from the Dominion of Canada, never to forget our obligations and gratitude to those who so bravely fought and died in the Canadian army during the World War."

"We further bid the living dedicate themselves wholeheartedly to keeping ever alive this spirit of cordial co-operation and friendliness that has for so long existed between our two great nations. May the Peace Arch at Blaine, erected by the citizens of British Columbia and Washington, ever typify our attitude one to the other, and also that of English and American peoples throughout the world, to our common gratification. And may this emblem of the cordiality and good-will existent between us inspire other nations to walk in the same path of peace and mutual good-will."

On Monday, Wednesday and Friday each week Canadian National operates a through sleeping car from the Okanagan to the East. Awake next morning aboard The Continental Limited. Okanagan sleeper goes as far as Blue River, where transfer conveniently arranged to space already reserved in your name.

EAST KELOWNA TENNIS CLUB CONSTITUTED

Officers Elected For Current Year And Scale Of Membership Fees Established

EAST KELOWNA, June 24. The East Kelowna Tennis Club came off officially into being at a meeting held in the Badminton Hall here on Wednesday of last week, for the purpose of organizing the club and deciding on general policies. An election of officers was held which resulted in the choice of H. W. Daniel as President, A. Ward as Vice-President, Miss M. Powell as Secretary, and J. Blackburn as Treasurer.

The lack of building the two courts, which now stand complete, has been a considerable one, and a lengthy discussion took place concerning those who had failed to put in an appearance when there was work to be done. The suggestion that a membership committee be chosen to deal with applications from such for membership in the club was not heard favourably, however, and it was decided that those who had devoted so much time and effort to the building of the courts would find in the knowledge that without this co-operation there would be no courts a feeling of satisfaction that would compensate them for the sacrifices they had made.

A scale of fees, which will permit of play by an entire family for the balance of this season for \$5.00, or for \$2.50, when the family is represented by junior members only, was agreed upon. Fees were also set for non-season members. The wish that the community would avail themselves of the opportunity to play tennis under this low scale of fees was generally expressed.

It was decided to sponsor a dance in the early part of next month, with a view to enriching the exchequer, and a strong committee, consisting of Messrs. G. Porter and L. Marshall and Messrs. G. Olson and E. Pook, was appointed to take charge of the arrangements.

Although construction has not been finally completed, play has started on the new surfaces, and the Executive of the Club extends to any member of the district a hearty invitation to join its membership.

A meeting of the East Kelowna Parish Guild was held on Friday, June 18th, at Mrs. E. Thorneoloe's home, when much regret was expressed at the resignation of Mrs. Walter Moodie, who has been a very active president of the Guild for a great many years. Although she has been prevented by her ill health from performing her usual work, all the members would still like to retain the benefit of her fellowship and good advice. Mrs. Moodie was elected as Honorary President.

The officers elected for this year are Mrs. A. B. Wood, President; Mrs. R. Thorneoloe, Vice-President; Mrs. F. Thorneoloe, Secretary-Treasurer.

Plans are being made for a sale of home cooking, also a jumble sale to be held sometime in September to raise funds for furnishings, etc., for the projected new church.

The next meeting is to be held at Mrs. Shaw's home at 3 p.m., July 14, when it is hoped there will be a good turn-out of members with new ideas for adding to the Guild funds.

The East Kelowna Anglican Church committee reported that collections towards the \$1,000 set by the committee as the minimum required before commencing to build. Actually collected to date, \$734, plus donations of materials, etc., about \$100.

The building will be suitably designed, Mr. A. V. Surtees, of Okanagan Mission, who acted as architect of the beautiful church at Oyma, having very kindly consented to design our church.

The thanks of the Committee are tendered to the many donors in Kelowna and district who have generously subscribed to the Building Fund. Some kind friends may have been unintentionally missed by the collectors, but if so, their donations will be gratefully received by Mr. R. F. Borrell, Church Warden, East Kelowna.

All donations will be acknowledged in the press previous to starting building operations.

KELOWNA SEA CADET CORPS

"Grenville" Company 1358

Orders for Parade: The Ship's Company will parade at Headquarters on Tuesday, June 29, at 7:30 p.m. Uniforms will not be worn. Quartermaster: Cadet Hall. Sideboy: Cadet L. Snowsall.

It is imperative that all Cadets attend the parade next Tuesday, as arrangements for the annual camp will be made then. Too, G. C. Badges will be given out as well as any promotions.

Here are a few points about this year's camp. As far as we know, it will be early. Probably starting about the fifth of July. The period in camp will be longer this time, nearer twelve to eight days. So far, all the Cadets have not signified their intention of coming to camp. Will those who have not, let us know as soon as possible?

The actual camp site has not yet been chosen, but it is hoped that this will be done within the next few days.

To all those who are interested in the Sea Cadets and their work, we wish to say that any donation towards camp expenses or camp stores would be greatly appreciated.

—COXSAIN.

PLAY-OFFS ARE IN OFFING FOR NIGHT BASEBALL OUTFITS

Central League Race Draws Near To Close With Red Sox On Top

RUTLAND, June 24. Rainy weather and wet grounds prevented the Adanacs from playing their game at Rutland on Friday last, but the absorbing qualities of the Rutland diamond are such that the Maroons and Red Sox were able to play their scheduled game here that evening. To the surprise of the fans and the Red Sox, the Maroons came from behind to defeat the visitors 3-2 in a sixth inning rally. The visitors were "rarin' to go" in the seventh to recover the lost ground, but the Maroons were reluctant to play, the visibility not being good. After some wrangling the game was resumed, only to be called shortly after, out, E. Hoke pitched the game for the visitors, and was quite effective until the sixth, when bunched hits and wild throws with a wet ball let the Maroons take victory from his grasp. Vince Martin was in the box for the home team, and his portside slants held the Red Sox down fairly effectively throughout.

The score by innings was as follows:
R H E
Red Sox 0 1 0 1 0 1-3 4 2
Maroons 0 0 0 0 1 4-5 3 6

Two Defeats For Rutland

Both Rutland teams went down to defeat on Monday evening, June 21, the Maroons losing to the visiting Kelowna Tigers in their last game of the season by 13 runs to 2, while the Adanacs lost a hard-fought contest to the Red Sox in Kelowna by 3 runs to 1. The Maroons are now out of the running, and definitely established in fifth place.

Oyma and Tigers play a postponed game this Friday, from which one of the other will emerge definitely as third place team, with the right to enter the play-offs. Adanacs and Kelowna Tigers in their last game of the season played a postponed game the same night. A victory for the Adanacs will place them in a tie for first place with the Red Sox. The two teams will then replay their tie game of May 21st, the winner to take possession of the cup emblematic of the League championship. A victory by Winfield would still give the Adanacs a chance to play for the league, but the same case for the league on Monday at Rutland will be the most important contest of the season.

The Red Sox-Adanacs' contest on Monday evening was a real battle, with pitcher Boklage holding the usually hard hitting Adanacs to bouncers and infield hits that resulted in certain defeat. The Red Sox infield worked with clocklike precision, and two double plays killed chances of the Adanacs scoring, the first coming in the second inning, and the other in the seventh. In the fourth stanza the Adanacs had their chance to cop the game, when they had three men on bases with only one out. Paul Holst fouled out to Bedford at first, however, and Jack Biechel grounded out third to first. The Adanacs' one run came at the beginning of that inning, when catcher Leier dropped a ball at home, allowing Andy Kitch to score.

In their half of the same inning the Red Sox tied the score, when Kielbiski scored on a neat bunt by Watson. In the sixth they cinched the contest when Bedford scored on a passed ball at home plate, and Watson came in on a neat hit by August Boklage. Henry Wostradowski did the trick for the Adanacs, driving a first, tagged the runner off first and threw to second, getting the runner there before he could return to the bag. Mac McLeod met with an unfortunate accident when he was hit in the mouth by a thrown ball when coaching at first, compelling him to drop out of the game. Hardie taking his place. Newby was in the box for the Tigers, and experienced little difficulty, the only Maroons to hit safely being Simmonds and Buster Welter, the latter getting a triple in the third, and later scoring the Maroons' second counter when Gerein's hit was fumbled at first.

Score by innings:
Tigers 0 6 1 6 0-13
Maroons 0 1 1 0 2 x-3 1
Umpires: Whatman and Ackerman.

Tigers Wallop Maroons

The Maroons-Tigers game at Rutland the same evening was a one-sided contest, the visitors getting 6 runs in the second inning, to cinch the contest, and adding another 6 unneeded runs in the fourth. The only redeeming feature of the game for the home team was a triple play started by Buck Hardie in the last inning, when he stopped a line drive at first, tagged the runner off first and threw to second, getting the runner there before he could return to the bag. Mac McLeod met with an unfortunate accident when he was hit in the mouth by a thrown ball when coaching at first, compelling him to drop out of the game. Hardie taking his place. Newby was in the box for the Tigers, and experienced little difficulty, the only Maroons to hit safely being Simmonds and Buster Welter, the latter getting a triple in the third, and later scoring the Maroons' second counter when Gerein's hit was fumbled at first.

Score by innings:
Tigers 0 6 1 6 0-13
Maroons 0 1 1 0 2 x-3 1
Umpires: Whatman and Ackerman.

BENVOULIN

BENVOULIN, June 24.—The community welcomes back Miss Gwen Munson, who arrived home on Sunday from Penticton, where she has been taking a course in designing and dress-making for the past year.

Congratulations to Mr. and Mrs. Alex Reid, who celebrated their forty-fourth wedding anniversary on Sunday.

Due to the continuance of the rain, many farmers will suffer the loss of the first crop of hay.

Messrs. Bob Munson and Ernest Casorso motored to Penticton on Sunday, returning in the evening.

Worry is so bad that some folks let their creditors do all of it.

MISSION PARISH GUILD FLOWER SHOW SUCCESSFUL

Ninth Annual Event Productive Of Slightly More Entries Than Last Year

OKANAGAN MISSION, June 24. The annual Flower Show of St. Andrew's Parish Guild was held on Thursday, June 17th, at Sherborne Hall, the home of Mr. and Mrs. B. T. Haverfield, for the ninth successive year. Only one or two brief showers marred the enjoyment of the afternoon, but the threatening weather undoubtedly accounted for a somewhat smaller attendance than usual.

Sixty entries in all have been received, being rather more than last year, and in particular there was keen competition in the two decorative classes for table bowls and tumblers arranged for effect. Mr. Middleton, of Vernon, and Mr. Mann, of Summerland, judged the exhibits.

From their garden at Oyma, Mr. and Mrs. Prickard brought a magnificent collection of peonies for display, which were much admired by everyone during the afternoon.

Prize-winners were as follows:
Collection of Perennials.—1, Mrs. C. H. Taylor; 2, Mrs. H. C. Dunlop.
Pansies.—1, Miss Malleson; 2, Mrs. A. V. Surtees.
Roses.—1, Miss E. Haug; 2, Mrs. K. C. Tailleur.

Table Bowl.—1, Mrs. M. E. Cameron; 2, Miss E. Haug; 3, Miss K. Haverfield.

Gentleman's Buttonhole.—1, Miss E. Haug; 2, Mrs. G. Royle.

Vase of Cut Flowers.—1, Commandant C. W. A. Baldwin; 2, Mrs. Baillie. Iceland Poppies.—1, Mrs. G. Royle. Peonies.—1, Mrs. Hall; 2, Mrs. Malleson.

Sweet Williams.—1, Mrs. Dunlop. Tumbler of Flowers.—1, Capt. C. H. Taylor; 2, Mrs. Tailleur; 3, Mrs. Royle. The prizes were given away by Mrs. C. R. Bull.

Mr. Jack Stirling and Miss K. Haverfield operated "House-House" during the afternoon, and Miss Zora Browne-Clayton and Miss Isobel Wadsworth were in charge of the raffles, which were won by Mrs. Grote Stirling, handbag, and Mrs. H. Angle, tablecloth. Mr. Wilson sold ice-cream in defiance of the weather, and Mrs. W. D. Walker brought a number of primula plants for sale, having sold a further number for the same cause at the previous evening. Mrs. E. Farris, Mrs. Sarsons and Mrs. Ferguson were the busy and efficient tea committee, assisted by Miss M. Thompson, Miss B. Baillie and Miss L. Simmonds. All morning Mrs. H. Dunlop ran a speedy "jitney service" for exhibitors, which proved invaluable.

Total receipts of close on \$72 indicate that support of this popular social event in its ninth year has been as generous as ever, and many thanks are due to all those who helped to make it a success. We regret that the difficulties of organization at a busy season of the year may lead to its being cancelled in future.

It is expected that a stretch of the Mission road from the store to the Fasciaux place will be oil-surfaced shortly, and equipment for the job should be available in the course of the next week or so.

Mrs. Haverfield left for the Coast by car on Thursday, the 17th, after the prize-giving at the flower show. She was accompanied by Miss Wadsworth. They left the car in Vancouver, and Mrs. Haverfield crossed by boat to the Island, where she was present on Saturday for the school sports at Strathcona Lodge.

Mr. G. B. Ford and his son returned from their visit to the Coast Tuesday of last week.

from their visit to the Coast Tuesday of last week.

There will be a service at 3 p.m. at St. Andrew's Church next Sunday, June 27th. It is hoped that as many children as possible will attend and also adults. There will be no Sunday School till further notice.

The Kelowna Horticultural Society are planning to visit gardens in Okanagan Mission on Sunday next, June 27th.

WILL NUMBER PENTICTON HOUSES

PENTICTON, June 24.—Plans are being made by the Council to have houses and places of business in Penticton numbered. This has long been felt to be a need, particularly in the centre of town, and provision has been made to have the streets laid out for the numbering, which will be undertaken one block at a time. Quotations on the numbers have been secured and it has been found that the cost will be comparatively small. The work will be carried on by municipal employees, during their regular hours.

FERRY PROBLEM IS BEING SCRUTINIZED

(Continued from Page 1)

ment. It was mentioned that the Kelowna Saw Mill Co. Ltd. and S. M. Simpson Ltd. both have equipment which might be utilized for carrying trucks of produce across the lake. Revised figures for increased tonnage in place of those produced in last week's issue, show the following astounding additions which may be expected to tax lake transportation service daily from Westbank to Kelowna this summer: August 1 to 12, additional truckloads; August 13 to 15, 10; August 16 to 21, 64; September 1 to 15, 32; September 16 to 30, 15.

Would Cost \$2 Per Ton More

Regarding the suggestion in Hon. Mr. Macpherson's letter that the Canadian National would not be able to supply equipment because it would be in competition with the railways themselves, the meeting was told by Mr. L. R. Stephens, Sales Service, that the cost of handling tomatoes from the Westbank side to Kelowna by car barge would be \$2 per ton more than handling by freight.

Mr. Alan Davidson and Mr. Charles Bull, Westbank growers, stated that there was only one set of scales in which might exist in handling several growers' shipments in one car. An additional service is provided, the tomato growers at Westbank would load their trucks in the evening and would form a line way up the hill at the Westbank wharf, as early as four o'clock in the morning, Mr. Davidson expects.

Capt. Bull, who has put in considerable time on this subject since his election, and has been quite valuable in carrying on negotiations, pointed out that the margin to the growers and canneries on tomatoes is so small that profits would be wiped out if an extra \$2 handling charge had to be paid by the industry.

One of the most important points mentioned on Tuesday was that a truck carrying tomatoes from Westbank or soft fruits from the south, has an equal right on the ferry with any passenger car or motor bus. In the evening, if a line-up of trucks and cars occurred at the ferry wharf at Westbank, the ferry would have to keep on for some time, as the vehicles were operating until all the time.

Another point was that the Kelowna-Westbank ferry is now nearly ten years old, and if any breakdown in mechanism occurs, a serious tie-up would ensue, as there is little supplementary equipment on hand here. It has been stated that, if there was a break in the crankshaft, days and possibly one to two weeks of delay would result before repairs could be made.

For the past ten days a committee of Capt. C. R. Bull, O. P. Roberts, Assistant District Engineer, and L. R. Stephens, has been carrying on negotiations regarding obtaining auxiliary service. W. A. C. Bennett, Board of Trade President, and L. J. Kelly, Roveliffe Canning Co., were two names suggested as additions to the committee.

In commenting on the figures compiled on expected additional truckloads for the ferry to handle this summer, Mr. Stephens stated that these included only the increases for the ferry itself, and ample increases in railway car barge loadings had been anticipated, as well.

Question of allowing truck drivers to sit in their cabs on a crossing of an auxiliary tug and barge will have to be considered closely.

On Tuesday it was considered that, if no satisfactory reply could be obtained from Hon. Mr. Macpherson, then a delegation should be sent to Victoria to point out the seriousness of the situation. The later announcement that a representative of the Public Works department would be in Kelowna has circumvented this contingency.

Mr. Dick Parkinson, Junior Board President, asked the Tuesday meeting what is to occur in the matter of the midnight ferry. It had been promised for June 1, and then as soon as the ferry returned from its overhaul at Okanagan Landing, he pointed out. He felt that this service should be provided and the Government should also advertise the changed times so that officials at the hotels and auto camps along the Valley, might be acquainted with the situation.

"I felt that it would be a mistake to press for a midnight service when we are considering the more vital question of an auxiliary service," replied Capt. Bull. He stated, however, that there was merit in Mr. Parkinson's suggestion and that, if the meeting wished, he would take up the matter separately with the Minister.

Great Inconvenience
Westbank visitors pointed out what great inconvenience the early ferry hours caused those persons living on the west side of the lake, who wish to come to Kelowna and enjoy a few hours visiting friends, shopping and taking in the picture show or other entertainments. They could not afford to stay overnight here, so were forced to stay at home many times, Mr. Davidson said.

The question of the gasoline trucks crossing Okanagan Lake to deliver gas to Westbank and Peachland has now been fairly definitely settled and trips there three times each week on Tuesdays, Thursdays and Saturdays have been decided upon. Mr. C. H. Burns reported. The special ferry leaves Kelowna between 7 and 9 o'clock in the morning and returns between 12 and 1 o'clock in the afternoon, he said, leaving barely sufficient time for the trip to Peachland and return.

A hearty vote of thanks to Capt. Bull and Mr. O. P. Roberts for their efforts on behalf of Kelowna, Westbank and adjoining centres in the matter of this ferry tie-up was passed by the meeting.

Letter to Victoria

Following the gathering, a letter to Hon. Mr. Macpherson outlining the views of the Tuesday meeting and

MISSING GIRL WAS AT POUCE COUPE

Police Believe "Nellie" Scott And Edgar Endall Are In Alberta

Provincial Police Sgt. A. Macdonald reports that Edgar Endall, charged with abduction of "Nellie" Scott, 15-year-old Kelowna girl, was reported to have been with the girl at Pouce Coupe, early this month. Last week it was stated that Herbert Wittich, who was also allegedly with Endall when leaving Kelowna, had landed at Pouce Coupe, while the other two had crossed the United States border.

From information received, Provincial Police believe Endall and the girl left Pouce Coupe on the train for Alberta. It is expected that word will be received in the near future from police in the neighbouring province as to the whereabouts of these two.

"Nellie" Scott disappeared from Kelowna on May 19 and was stated to have left in the company of Endall and Wittich.

AQUATIC PLANNING ACTIVE SEASON

New Tea House, Verandah And Dressing Rooms To Be Finished Soon

Despite the somewhat inclement weather, the Aquatic opening dance recently was well attended and enthusiastically received. Since then, the weather has curtailed swimming and boating activity, the regular dances have been popular. Charlie Pettman and his 6-piece Imperial orchestra is playing there this season. In addition to being a local aggregation it is considered one of the best bands ever engaged to play at the Pavilion.

The regular Wednesday night dances have not commenced as yet but the first of these will be held next Wednesday.

Recent visitors to the Aquatic have been pleased with the new tea-house verandah and dressing rooms which are now being alterations and additions which the Aquatic has undertaken for some years and will add greatly to the facilities and conveniences available to members. The new quarters will be completed and ready for use within a week and an open day is planned in the near future to permit inspection of the alterations by non-members.

The tea-room this year is under the

urgency action was dispatched by Secretary E. W. Barton, of the Kelowna Board of Trade. The letter follows:

"Your letter addressed to Capt. Bull was read and discussed, and I was instructed to write and express our grave concern at the ferry situation and the urgent need for Government action to provide an auxiliary service this summer.

"The view of the meeting was that the movement of the Westbank cannery tomatoes by means of railway car barge was impracticable both from the standpoint of handling and cost. In explanation of this, we would point out that the additional cost of moving tomatoes from Westbank to Kelowna and return empties by car barge would be at least \$2 per ton, and in addition, this rate would require minimum cars each day for various canneries and packing plants, and provision would also have to be made to have a weigh scale, a receiver for each plant, and an inspector on the Westbank side to receive the tomatoes.

"Furthermore, as the growers will only receive an average of \$12 per ton for the tomatoes, it can readily be seen that this added cost would be prohibitive, and the haul cannot be handled economically by either railway. We also believe we are correct in stating that the railway companies are not expecting, or anxious, to secure this business, in view of the tie-up of equipment and the short haul involved.

"Failing an auxiliary service to handle this tonnage of tomatoes, it is apparent that the growers, having the same rights as other people to use the ferry, will create a serious congestion of traffic at the peak of the summer tourist movement. With the large volume of traffic anticipated, and which is most essential shall be moved expeditiously at the time of year in question, it is imperative that the risk of a breakdown in the ferry service should be provided against.

Soft Fruit Increase

"In addition to the tomato tonnage from Westbank (450 acres) there is this year a very large crop of soft fruits in that part of the Valley south of Westbank. (Peach crop three times larger than last year and apricots six times larger than 1936). A large proportion of this crop has to be hauled to Kelowna and Vernon for placing in mixed cars and for cannery purposes, and, in spite of every effort on the part of shippers to use railway facilities, they advise us that an increased movement by truck is certain.

"A natural increase in passenger car traffic is not questioned by any observer, and in view of the fact that this ferry is a part of the provincial highway system, it is submitted that the ferry should be in service until 12 o'clock midnight daily.

"With these facts in view, it was the unanimous opinion of the meeting that the Provincial Government should be requested to immediately investigate and equip suitable for an auxiliary ferry service other than that belonging to the railway companies, which we understand will all be in use."

Present at the Tuesday meeting were: Capt. C. R. Bull, member-elect; W. A. C. Bennett, D. Chapman, Ben Hoy, Kelowna Board of Trade; R. F. Parkinson, George Morrow, Kelowna Junior Board of Trade; O. P. Roberts, Assistant District Engineer; Vernon; L. R. Stephens, shipper; George E. Brown, B. C. Fruit Board; L. J. Kelly, R. W. National Railways; C. H. Burns, gasoline companies; A. Davidson and C. Bull, Westbank growers.

Guests at the Mayfair Hotel during the week include: H. L. Ayres, N. W. Theriot, A. Lang, Toronto; J. Propp, Vernon; Robert I. Bradley, Winnipeg; B. Kinnard, Medicine Hat; H. H. Victor, S. Kanan, Okanagan Centre; B. E. Elliott, H. Cousins, Beaverdell; Mrs. L. Church, Brantford; Mrs. J. Fortin, Vancouver; Mr. and Mrs. E. Morton, Calgary; Findlay North, W. Roach, Vancouver; Mr. and Mrs. S. C. Barbee, Peachland; Rev. W. R. Pike, West Summerland; Kenneth McFarlane, Armstrong; Les. A. Dutton, W. J. McIntyre, Vancouver; Mr. and Mrs. D. J. Ross, Mrs. F. Rose, H. M. Waller, Wells, B.C.; Mr. and Mrs. D. A. Boone, Seattle; Col. C. R. Teter, Tulsa, Okla.; J. Powell, Wilson's Landing; Mr. and Mrs. T. K. Lightly, West Vancouver; Charles E. Oliver, Penticton; Vancouver; R. Tilton, F. Kitchin, Trepagnier; H. Richmond, H. Norton, R. Dixon, J. Nichol, Oliver.

management of Mrs. B. Paisley. With the attractive new premises it is expected that considerably more use of these facilities will be made than in previous years, and in all departments a most successful year is anticipated. Already the 31st Annual Regatta plans for the 31st Annual Regatta which will be held on August 4th and 5th.

SALE OR RENTAL OF BUILDING AND EQUIPMENT

Sealed tenders addressed to the undersigned and endorsed "Tender for purchase or rental of building, Kelowna, B.C." will be received at this office until 12 o'clock noon, 6th July, 1937, for the property described as Lots 9 and 10, Plan 615, the building thereon known as the Government Union Warehouse, Kelowna, B.C., and the contents, situated on Ellis Street and closed in 1932.

The contents include the following goods, chattels and equipment now in the said building, namely: 30,000 onion crates, more or less, 2 electric fans, 1 power onion grader, 1 portable hand truck, wheel conveyor and miscellaneous tools and fixtures.

The warehouse and contents may be examined by arrangement with Inspector J. H. Drinkwater, Fruit Branch, Kelowna, B.C.

Each tender for purchase shall be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Agriculture, equal to 10% of the amount of the tender, which will be forfeited if the person tendering declines to carry out his bid. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an old amount. If the tender is accepted, this 10% security deposit will be retained as an initial cash payment on the purchase. If the tender is not accepted, the security will be returned.

TERMS: The balance of purchase money shall be payable immediately on mailing notification of acceptance of tender. Consideration will be given to a proposal for annual retirement within 12 years of principal with interest at 5% on balance from time to time remaining unpaid.

The Department does not bind itself to accept the highest or any tender.

H. BARTON, Deputy Minister.

Department of Agriculture, Ottawa, June 19th, 1937. 47-2c
